A SPECIAL INTEREST GROUP OF ENGLISH UK

Your Bell programme

Students learn faster and more successfully when they use English all the time and in a range of situations. This is why we offer fully integrated courses with lessons, activities and exciting study tours.

Inspiring lessons and project-based learning

Our lessons are carefully planned to improve students' language skills and build confidence. We focus on developing core English language skills through engaging and relevant weekly project themes, like 'Protecting the Planet'. Students work in groups and use what they have learned to produce a final project such as a short film or presentation.

Educational Activities

At Bell, our educational activities and Academies support what your child has studied in class. Students practise their English while focused on an activity, leading to a natural use of the language.

Take a look at what a typical week looks like on a Bell young learner programme.
