Welcome

to Haileybury International Summer School

Haileybury is a leading co-educational school established in 1862 which has educated a Prime Minister, writers, actors, leading military figures and sports stars.

The historic buildings and outstanding facilities are situated on a beautiful 500-acre campus just 20 miles north of London.

Haileybury International Summer School provides pupils with the unique opportunity to develop skills in a dynamic, fun learning environment.

We offer interactive workshops at a variety of museums and bring the experiences back into the classroom. Excursions include some of England's most vibrant, historic cities, fascinating places of learning and exciting adventures while exploring hidden treasures around the UK.

Here at Haileybury International Summer School, we are serious about learning and very serious about having fun!

We are also serious about wellbeing and offer a nurturing environment with the highest levels of pupil care.

The summer starts here...

Where is Haileybury?

Our campus

Learning at Haileybury International Summer School

At Haileybury International Summer School we believe that young people learn best when they are fully immersed in the target language and engaged in activities which naturally promote communication, confidence, exploration and discovery – inside and outside the classroom. This is why we create a language-rich environment.

Last year we welcomed twenty-four different nationalities to the Summer School:

Argentina
Austria
Bulgaria
China
France
Germany

Greece
Hong Kong
Israel
Italy
Japan
Korea

Lithuania
Mauritania
Poland
Portugal
Romania
Russia

Slovakia
Spain
Thailand
Turkey
Ukraine
Vietnam

Choose your course

1. English+

A2 (minimum) level of English

Pupils aged **11–13** with minimum A2 level of English study **English language** and **global culture** topics and related projects. They enjoy a range of exciting study tours and choose their focus activities.

Topic-based EFL* class 13.5 hours per week

You will develop your English grammar and vocabulary through engaging lessons based on a variety of topics.

**English as a Foreign Language*

Project-based EFL class 7 hours per week

You will work in groups to create a project using Project-Based Methodology. There will be language input from the teacher and lots of natural language output from pupils.

Focus activity 8 hours per week

CHOOSE an activity to focus on over each week.

See [page 15](#) for details.

Evening activity

On some evenings you will join a whole-school activity, but on other evenings you can choose from a variety of sports and craft activities.

All pupils will:

- Improve subject knowledge and understanding, learn new skills and become a confident, independent learner who is prepared for studying in an English-speaking environment
- Develop transferable academic and life skills such as researching, planning, developing projects and ideas, comparing, evaluating, presenting, collaborating, discussing and debating
- Extend these 21st century skills outside the classroom during activities, excursions and daily routines
- Take part in many exciting activities with new friends
- Enjoy inspiring cultural excursions to famous destinations
- Reflect on progress with CEFR mapped 'can-do statements' for academic and activity programmes
- Take an internationally-recognised certificate (Trinity GESE)
- Receive an end of course certificate and report with recommendations for future study.

Choose your course

2. Academic English+

B1 (minimum) level of English

Pupils aged **14–16** with a B1 minimum level of English can choose either **STEM** (Science, Technology, Engineering and Mathematics) or **Arts, Humanities and Business** as their pathway for their morning CLIL class. They will enjoy a range of study tours related to their pathway and they will then choose an afternoon project class for two weeks according to their interests.

Topic-based EFL* class 13.5 hours per week

CHOOSE your Pathway: — [**STEM** (Science, Technology, Engineering and Mathematics)
Arts, Business and Humanities]

You will learn and develop your English skills through the subjects of your chosen pathway.

Focus activity 8 hours per week

CHOOSE an activity to focus on over each week.

See [page 15](#) for details.

Project-based EFL class 7 hours per week

CHOOSE an afternoon Expert Class to work on a specific project. You will develop the ability to use English effectively and confidently for the purpose of practical communication in your chosen subject area. See [page 10](#) for details.

Evening activity

On some evenings you will join a whole-school activity, but on other evenings you can choose from a variety of sports and craft activities.

All pupils will:

- Improve subject knowledge and understanding, learn new skills and become a confident, independent learner who is prepared for studying in an English-speaking environment
- Develop transferable academic and life skills such as, researching, planning, developing projects and ideas, comparing, evaluating, presenting, collaborating, discussing and debating
- Extend these 21st century skills outside the classroom during activities, excursions and daily routines
- Take part in many exciting activities with new friends
- Enjoy inspiring cultural excursions to famous destinations
- Reflect on progress with CEFR mapped 'can-do statements' for academic and activity programmes
- Take an internationally-recognised certificate (Trinity GESE)
- Receive an end of course certificate and report with recommendations for future study.

Expert project classes

Choose one per course

Academic English+ course only

Coding

You will use HTML and CSS to produce dynamic and exciting websites on a topic of your choice. In addition to the technical aspects you will employ graphic design and user experience principles to ensure your website is attractive and user friendly.

Design and Manufacturing

Light (Course 1)
or Time (Course 2)

Light:

Designing and manufacturing a decorative table light, involving computer-aided design and manufacture and simple electronics.

Time:

Designing and manufacturing an analogue desk clock, involving traditional workshop skills and a combination of natural and man-made materials.

Dragons' Den

(business challenge)

You will learn about elements of the business world, then work in teams to develop a business idea and pitch it to a group of experts.

Film Making

You will learn about directing, acting, costume design, photography and camera skills, and video editing. Working in small groups, you will design, film and edit their own short film.

IELTS Preparation course

You will learn more about the structure of the exam and the marking criteria. You will learn skills and strategies for the four parts of the exam and take an end of course practice test.

N.B. exam not included.

International Relations and Debating

Mini MUN – you will learn about international relations and create your own mock MUN to debate past and present global issues.

Science

You will work in groups to solve science problems using The Scientific Method: an organised procedure scientists use to answer questions and begin to solve problems in seven major steps.

Choose your course

3. International Study Preparation

B2 (minimum) level of English (15-17)

This academic English language and study skills course aims to prepare you linguistically and culturally for your **future studies** in an English speaking school, college or university. You will learn how to study effectively and become an **independent learner**. The two-week course consists of 41 hours of classes, 6 hours of supervised self-study and tutorials, and study tours to further enhance academic and cultural knowledge.

Academic reading, writing, listening and research skills

You will become familiar with different types of academic texts and the process of researching and referencing. You will also develop your understanding and use of academic vocabulary and improve your academic writing skills.

Focus activity 8 hours per week

CHOOSE an activity to focus on over each week.

See [page 15](#) for details.

Academic debating and presentation skills

You will actively engage in academic discussions to develop your spoken English skills, strategies and confidence in preparation for academic seminars and presentations.

Evening activity

On some evenings you will join a whole-school activity, but on other evenings you can choose from a variety of sports and craft activities.

This course will cover:

- Research skills
- Academic writing
- Presentation skills
- Listening and note-taking
- Seminar skills
- Grammar and vocabulary development

There will still be time to develop English and cultural skills with focus activities and relax during a range of fun evening events.

Focus activities

Choose two, one per week

All courses

Basketball

You will develop essential skills such as shooting, ball handling, and teamwork. You will learn proper shooting techniques, including footwork and form, improving your accuracy and consistency on the court. Ball handling drills will focus on dribbling, passing, and controlling the ball, enhancing players' ability to maintain possession and create opportunities to score.

Hockey (beginners and experienced players)

Depending on your level, you will learn the rules of field hockey and develop teamwork and communication skills. You will practise skills and techniques such as dribbling and shooting. You will also work on match play and be able to play practice matches on our AstroTurf pitches.

Glee Club *Singing and Movement.* These classes consist of vocal warm-ups and harmonies before pupils learn and practise two songs (pop and musical theatre) with movement. The songs will be performed at the end of the week to showcase group achievements.

Krav Maga

Krav Maga is a practical self-defence system that helps participants to keep fit and improve social interaction, focus and concentration. During this introduction to Krav Maga, you will learn the basics of the sport while working on overall strength and fitness.

Football

You will work on skills and strategies, develop teamwork and communication skills and will, depending on level, learn and practise the key techniques. Practice matches will be held on one of our full-sized pitches and we have smaller, five-a-side pitches for practising specific skills.

Street Dance

These classes consist of limbering and cardio warm-ups, followed by a series of technical sequences. You will then create a street-style group routine showcasing styles and skills to perform at the end of the week.

Great British Bake Off

You will learn the language of baking and techniques to produce a range of traditional British baked goods with a professional pastry chef – scones, Scottish shortbread, butterfly cakes, pastries or Bakewell tarts.

At the end of the week, you will have your own recipe book and journal so you can create more scrumptious treats when you get home.

Stage and Screen Acting

You will develop confidence and communication skills as you gain experience of working behind and in front of a professional digital camera. As well as using improvisation techniques, short scripts will be chosen and rehearsed to produce group scenes to film.

Tennis (beginners and experienced players)

You will learn the rules and etiquette of the game and develop the skills and techniques of tennis according to your level. After working on serving, returning, court positioning and ball control, you will engage in practice matches and receive feedback from the coach.

Arts and Crafts

You will learn about and gain hands-on experience of a variety of artistic styles and mediums that might include; sculpture, block-printing, watercolours, batik and clay crafts. Using known artists as inspiration and learning to develop your own ideas, your creations will be displayed at the end of the week.

Study tours, excursions, workshops

We don't just see, we do!

We provide a range of **study tours** and **excursions** to beautiful places such as London, Greenwich, Oxford or Cambridge. We don't only visit museums, but take **engaging and interactive workshops** that bring learning to life and enhance language acquisition and cultural understanding.

These excursions are an integral part of summer school and really **bring the language to life**. Some excursion tasks are incorporated into lessons to maximise learning opportunities. During the full-day in London and some of the two half-day trips, pupils will **visit a museum** related to their chosen pathway and enjoy **interactive workshops** with museum professionals, as well as enjoying a **cultural experience** such as the London Eye, a boat trip, walking tour or Cambridge punting.

Possible excursions/tours

- Thorpe Park
- Harry Potter World
- Cambridge walking tour
- Greenwich walking tour
- Oxford city tour
- London Eye
- River Thames boat trip

The list is indicative only – choices offered and selections available will be linked to pupils' academic content and pathways.

Evening activities

Relax and have fun!

In the evenings we have a huge variety of fun activities for you to try. Some are **relaxing**, some **active** and others will bring out your **creativity**. They are all social and give you the chance to speak English with new friends.

On some days, there will be a whole-school event such as **outdoor cinema**, **silent disco** or **fashion show**.

On other days you will have a choice of activities: **sports** (for example swimming, tennis, badminton, squash, rugby, football, cricket), **yoga**, **crafts**, **cooking** or something a bit different such as **zorbing** or circus **skills**.

Living at Haileybury

Haileybury is renowned for its beautiful architecture, grounds and facilities. Our Houses provide **a high-quality, comfortable and secure environment** on campus with wonderful meals and dedicated pastoral care.

Pastoral care

We take welfare and pastoral care extremely seriously at Haileybury. We have a 1:3 pupil-staff ratio and there is always help and support for pupils. Summer School has its own dedicated Pupil Services Manager, responsible for the welfare of pupil experience. House Parents living in the Houses supervise all matters outside of teaching hours. Registers are taken regularly and there are daily meetings to ensure all staff are aware of any issues.

There is a 24-hour emergency number should parents need to contact their children, and pupils are always able to call home if necessary.

Accommodation

You will stay in Haileybury's single-sex boarding houses under the care and supervision of House Parents. You will have access to our School Nurse. In the event of an emergency, hospitals are located within close proximity to the campus as well.

Most rooms are single, although there are a number of double and triple rooms. In order to enhance the international experience, any roommates tend to be those from other countries. We can take, but not guarantee, room assignment requests.

Boarding houses have small kitchens where pupils over 13 years can make a hot drink. There are common rooms where you can watch TV, play some table tennis or just chat and relax with friends.

Houses are securely protected with on-site 24-hour security patrols. All Houses have secure wifi which is turned off between 10.00 pm and 7.00 am to ensure a good sleep. There is a laundry service once a week.

Healthy eating

You will dine in our breathtaking Dining Hall, where they enjoy the freshly prepared delicious meals and snacks created by our catering team. There are three meals a day — a mix of British and international dishes. There is always a range of choices for pupils with vegetarian, vegan, or other particular dietary needs. Our catering staff provide packed lunches on excursion days. Water is always available around the school, and snacks such as fruit and biscuits are available at break times.

12 reasons to study with us:

Courses summary

Components

Topic-based lessons

We teach English through subjects using **CLIL** (Content & Language Integrated Learning) which makes learning more meaningful, builds intercultural knowledge and understanding, and increases pupil motivation and confidence. Pupils aged 11–13 with A2 English study **English+**. Pupils aged 14–16 with B1 minimum English can **choose a pathway; STEM** (Science, Technology, Engineering & Mathematics), or **ABH** (Arts, Humanities & Business).

Project-based lessons

In a **project-based** approach, learners **learn by doing**. It allows pupils to develop creative and communication skills, and **use language naturally** while **collaborating** to achieve a task in their chosen subject. Teachers will guide and develop naturally-occurring language.

Focus activities

You will **choose two activities** during the course. Following CLIL methodology, you will develop skills, abilities and knowledge in your chosen field while using and improving your English skills.

Cultural excursions

These excursions are an integral part of Summer School and really **bring the language to life**. Some excursion tasks are incorporated into lessons to maximise learning opportunities. During the full-day in London and some

of the two half-day trips, you will **visit a museum** related to your chosen pathway and enjoy **interactive workshops** with museum professionals, as well as a **cultural experience** such as the London Eye, a boat trip, walking tour or Cambridge punting.

General activities

In the evenings and on Sundays, you will engage in a **wide range of activities and fun trips** which lead to natural and relaxed communications in English. The varied activities are a great way for you to make new friends and integrate.

English

The English language is everywhere **in our community**. You will use English in the dining room, during House time and when relaxing at break time. The **Pupil Mentors** are always available for a chat and support. This develops fluency and confidence in a relaxed and natural way.

- Extend these 21st century skills outside the classroom during activities, excursions and daily routines
- Take part in many exciting activities with new friends
- Enjoy inspiring cultural excursions to famous destinations
- Reflect on progress with CEFR mapped 'can-do statements' for academic and activity programmes
- English and English+ pupils gain an internationally-recognised certificate (Trinity GESE)
- Receive an end of course certificate and report with recommendations for future study.

English+

Pupils aged 11–13 with an A2 level of English study English language and global culture topics and with related projects. You will enjoy a range of exciting study tours and choose your focus activities.

Academic English+

Pupils aged 14–16 with a B1 minimum level of English can choose either STEM (Science, Technology, Engineering and Mathematics) or Arts, Humanities and Business as their pathway for their morning CLIL class. You will enjoy a range of study tours related to your pathway and choose an afternoon project class for two weeks according to your interests.

International Study Preparation

You will develop the academic skills, learner autonomy and confidence to help you succeed in sixth form or undergraduate study in an English-speaking environment.

Outcomes

During the course you will:

- Improve subject knowledge and understanding, learn new skills and become a confident, independent learner who is prepared to study in an English environment.
- Develop transferable academic and life skills such as: researching, planning, developing projects and ideas, comparing, evaluating, presenting, collaborating, discussing and debating

The Common European Framework for Languages (CEFR)

We map our courses to the Common European Framework for Languages, which describes your competency in a language. You will be tested when you enrol so that we know your level. You can then confirm your course.

During the course, you will use a **learner journal** for lessons and focus activities. Your teacher will help you reflect on what you have learnt, what you have achieved and what you can do in English.

There are **supported self-study sessions** in our beautiful library when a teacher will be available to help you with any questions you may have.

A2

Pupils at this level can:

- Understand straightforward information about familiar topics, i.e. very basic personal/family information (shopping, local area etc.)
- Write short simple postcards/emails about personal information, fill in basic forms, express simple requests/needs in a familiar situation.

B1

Pupils at this level can:

- Understand main points about work, school or leisure-related topics
- Write letters/make notes on familiar topics, describe experiences, opinions or plans in a limited way.

B2

Pupils at this level can:

- Understand the main idea of a complicated text (i.e. academic writing on a familiar topic)
- Converse on quite a wide range of topics, exchange opinions using a variety of grammar and lexis
- Make notes in a live lesson/lecture, write detailed, structured essays on a wide range of subjects.

C1

Pupils at this level can:

- Understand a wide range of longer, more complex texts/ conversations on unfamiliar topics
- Effectively use language for varied social, professional and academic situations
- Create well-structured and detailed texts on a range of complicated subjects.

C2

Pupils at this level can:

- Easily understand practically everything heard/read, confidently /appropriately; flexibly understand/use idiomatic expressions/ colloquialisms
- Summarise information/ arguments from different spoken/written sources, and present them coherently/concisely
- Can express a range of opinions spontaneously, very fluently and accurately, differentiating subtle shades of meaning even in complex situations.

Friday		Lesson		Lesson				Expert Class	Focus Activity		R&R Self-study		Disco	
Saturday		Departures/on site activities or local trip for pupils staying on											Film Night	

Sustainability

Haileybury recognises that our activities may have both a positive and negative environmental and social impact, however we work to raise awareness of how we can all act in order to minimise harmful consequences of our actions, playing our part in looking after our planet, our campus and each other.

Our campus sits in 500 acres of land containing ponds, an arboretum, large areas of managed and natural woodland and sports fields (as well as our teaching and accommodation buildings). All are maintained by our own grounds and maintenance teams and we are constantly improving the stewardship of our natural resources. Our woodland areas are an opportunity for pupils to understand the value of the environment, food science and bushcraft skills. Our wormery (right) composts food waste for our herb garden, the produce from which then appears on our menus and in our meals.

To fulfill our sustainability policy, we:

Recycle

- We use the recycling bins which are all over the site in order to minimise rubbish going to landfill
- We compost food waste.

Reuse

- Wherever possible, we buy and use items made from recycled materials
- We actively seek imaginative ways to reuse materials from classes and activities.

Reduce

- We minimise energy and water used by turning off electricity and water when not needed
- We reduce plastic use by providing every pupil with a refillable water bottle and water stations on campus
- We try to eliminate waste by, where possible, using compostable materials.

Respect

- We do not drop litter
- We respect other people, wildlife, buildings, materials and spaces.

Dates & fees

Course	Dates (13 nights)	Fee
1. English + (age 11–13)		
A.	7–20 July 2024	£3,950
B.	21 July–3 August 2024	£3,950
C.	4–17 August 2024	£3,750
2. Academic English + (age 14–16)		
A.	7–20 July 2024	£3,950
B.	21 July–3 August 2024	£3,950
C.	4–17 August 2024	£3,750
3. International Study Preparation (age 15–17)		
A.	7–20 July 2024	£3,950
B.	21 July–3 August 2024	£3,950
C.	4–17 August 2024	£3,750

Fees for two or more courses

A. & B. together (27 nights)	£7,700
B. & C. together (27 nights)	£7,500
A., B. & C. together (41 nights)	£10,950

How to apply:

For further information and availability, please contact
 +44(0)1992 706 413
 or email
summerschooladmissions@haileybury.com

Please note that insurance is not included.

The information in this brochure has been prepared carefully in good faith. However, our courses are flexible and we reserve the right to make changes to them at any time. We reserve the right to alter our trip destinations due to weather, traffic or safety concerns.

Transfers

Heathrow and Stansted airport transfers are included in the price. Transfers from all other airports and Eurostar will cost extra. All airports are served by rail links to central London. Journey times by road are shown below. Pupils are greeted on arrival at the airport by a friendly member of Haileybury staff with drinks and snacks.

This information does not therefore, constitute in whole or in part, any contract between Haileybury and pupils' parents, agents or guardians.
